PROFILE

A Telecommunications Technology student with a strong focus on network security and operations. Experienced in configuring servers, deploying virtualization environments, and using cybersecurity tools to ensure system stability and resilience. Certified in Fortinet, CyberOps, and MikroTik, with hands-on projects including DDoS mitigation support, server optimization, and security focused system monitoring.

EDUCATION

Telkom University | *Diploma in Telecommunications Technology* September 2023 - Present

GPA: 3.85/4.00

Achievements:

- Finalist of Statistics Essay Competition (SEC) Satria data 2024, Pusat Prestasi Nasional
- 1st Place Winner – AgriChallenge Competition 2025
- 2nd Place Winner – Jogokariyan Essay Challenge 2025

WORK EXPERIENCE

Practicum Assistant | Telecommunication Network Laboratory October 2024 - Present

- Supported lecturers in conducting hands-on programming sessions on algorithm development.
- Assisted in delivering practical sessions on programming algorithms, providing technical support and guidance to 20+ students.

Field Administration - Full-Time | PT. Hasil Karya Tambang June 2021 - November 2022

- Handled all administrative processes in the field, including initial contracts, billing, and payment invoices.
- Ensured smooth operation of administrative tasks by carefully managing contract documents and maintaining compliance.

Intership | CV. XP Solution January 2020 - December 2020

- Configured an IBM X3620 M3 server with Windows Server 2012 R2, VMware vSphere, and Xen XCP-NG, enhancing virtualization and system efficiency.
- Applied advanced theoretical knowledge to practical network management scenarios, improving troubleshooting and system optimization skills.
- Published "Mikrotik For Beginners," simplifying complex concepts for a wider audience.

ORGANIZATION EXPERIENCE

Liaison Officer (LO) | PKKMB 2024

- Served as the main liaison for over 30 new students, guiding their orientation and ensuring smooth communication with organizers.

Vice Chairperson | NEAX 11 Period

- Led a team of 6 core members to organize 4 events, focusing on enhancing collaboration and achieving organizational goals.

Community Service Participant | Waste Emergency Program in Bandung

- Collaborating with the surrounding community in Cijawura, Bandung, to overcome the city's waste management crisis by socializing how to sort waste from home.

PROJECTS UNDERTAKEN

Server Configuration Project | IBM X3620 M3

- Focused on setting up virtualization environments, managing VMs, and optimizing server performance for lab and enterprise simulation purposes.

Calmate | Innovative Mood Tracking Application

- Developed a mood tracking application using NLP and sentiment analysis to analyze user input and provide personalized emotional management recommendations.

Mikrotik for Beginners | Technical Book

- Published technical guide covering basic network configuration and security concepts.

CERTIFICATIONS

- **Fortinet Certified Fundamentals in Cybersecurity** | Fortinet Training Institute
- **CyberOps Associate** | Cisco Networking Academy
- **L1 SOC Analyst Batch 08** | Jadi Hacker (by PT Siber Teknologi Asia)
- **MTCNA (MikroTik Certified Network Associate)** | MikroTik Academy
- **Splicing Fiber Optic & Cisco Networking for Corporate** – Operation Committee | Student Association Of Computer Technology
- **Become an AWS Cloud Engineer** | Pusbang Proserti

SKILLS

Technical Skills:

- **Networking & System Administration:** Proficient in configuring network devices and systems, including Mikrotik RouterOS, Cisco equipment, DDoS mitigation principles.
- **Virtualization & Cloud Platforms:** Experienced with VMware, Proxmox, Hyper-V, FreeNAS and ownCloud installations on Windows/Linux environments.
- **Monitoring & Reporting:** Skilled in using Wireshark, FreeRDP, Kibana, Wazuh, and Elastix for monitoring, documentation, and report writing.

Soft Skills:

- Strong problem-solving and analytical thinking
- Emotional Management and Team Collaboration
- Adaptability and eagerness to learn new technologies
- Time management and task prioritization
- Attention to detail in technical operations
